Conclusion and tutorial

- integrate some of these changes into your touchmap
- consider how you might also
 - read a map file into touchmap

Extra graphic assets for touchmap

- the tick and hellknight are available touchmap-extra-assets (http://floppsie.comp.glam.ac.uk/download/targz/touchmap-extra-assets.gz)
- you can download and extract them by:
- \$ cd \$HOME/Sandpit/touchmap/images
 - \$ wget http://floppsie.comp.glam.ac.uk/download/targz/touchmap-extra-assets.gz
 - \$ tar zxf touchmap-extra-assets.gz

Script to automatically build and run touchmap

here is a script you can run from the command line to automatically rebuild and run your touchmap (http://floppsie.comp.glam.ac.uk/download/targz/run)

- you can install it via:
- \$ wget http://floppsie.comp.glam.ac.uk/download/targz/run \$ chmod 755 run
- you can run it via:
- \$./run
